

Lutherans Feeding Friends Applicant Guidelines and Criteria

In order to be considered for a Lutherans Feeding Friends grant, the applying church must meet one of the following criteria:

- Be a church with an existing Feeding Ministry;
- Be a church engaged in starting a Feeding Ministry;
- Be a church partnering with a community/ecumenical Feeding Ministry in which members of the Lutheran church participate.
 - *Please note:* The church requesting the grant is responsible for funds received, and for providing documentation of congregational involvement, as well as how those funds were distributed.

Other important information:

- Once an application is received, a site visit by an LSMNJ staff member may be required to determine the level of need.
- Priority will be given to congregations that have not previously received a grant, or who are requesting funds for a different purpose/initiative than prior applications.
- Prior grant recipients must have the appropriate documentation (i.e. receipts) of how previous funds were utilized in order to be considered for additional funds.
- Grants are reviewed by the LSMNJ Foundation Board of Directors. Approved congregations will receive either a phone call or email, and arrangements will be made for the church to receive the funds.

To receive an application please contact:
